

Bread & Sugar Grinder

Specialized in grinding of Sugar and Dried Breads, ideal for Pastries and Confectionery Production with maximum efficiency.

Technical Data

Capacity of Tank(kg)	50
Motor Power (kw)	1.1
Dimensions (cm)	70x44x145
Voltage(V)	220
Weight (kg)	65

Flour Sifting Machine

Flour Sifting Machine separates foreign substances from flour and ventilates it for better dough mixing that results to high quality and durability of Bakery Products. It provides the sifting of flour by aeration.

Technical Data

Capacity of Tank(kg)	120
Capacity of Machine (kg/h)	1000
Motor Power (kw)	1.5
Dimensions (cm)	113x75x138
Voltage(V)	220-380
Weight (kg)	112
